

Hornden Nursery School

School Food – Policy for Packed Lunches (brought in from home)

Introduction

To grow and stay healthy children need to eat a nutritionally well balanced diet. Schools are an influential setting and can contribute significantly to improving the health and well-being of pupils.

Good nutrition in childhood can help to prevent a variety of health problems, both in the short term and later in life. There is increasing concern that many children are consuming too much fat, sugar and salt and too little fibre, fruit and vegetables.

Packed lunches can contribute to almost a third of a child's weekly food intake and therefore need to be balanced and nutritious.

Aim

To ensure that packed lunches (brought in from home) reflect the new standards for school meals introduced in September 2006.

Rationale:

- Schools are required to positively promote the health and well being of its pupils. Work around healthy eating is a high priority of the Every Child Matters agenda.
- The content of lunchboxes needs to reflect the requirement of schools to meet minimum food and nutrition standards for school meals.
- The contents of lunchboxes in some schools can be extremely unhealthy, recent audits of lunchboxes have shown that in the main they contain foods with high levels of fat, sugar and salt, and very few fruit and vegetables.
- To encourage healthy eating habits from an early age and improve the overall nutrition of pupils
- The short term effects of unhealthy packed lunches and food intake can include poor growth, tooth decay, obesity, anaemia, constipation, poor concentration and behavioural problems which may have an impact on a child's learning.
- The longer term effects of a poor diet in childhood can be an increased risk of stroke, cancer, heart disease and diabetes in adulthood.

Objectives

- To improve the nutritional quality of packed lunches in schools and the eating habits of children at lunchtimes
- To develop an awareness in pupils, parents, staff and the wider community that the school takes a pro-active approach to promoting healthy eating.
- To encourage healthy eating habits in childhood that can influence health and well being in later life.

- To ensure that food brought into school (packed lunches) reflects and meets food standards for School Food (2006).

Implementation

This packed lunch policy fits within a wider context of promoting a whole school approach to food and healthy eating.

- Children's packed lunches should be based on the 'Eatwell Guide' model which shows items from the 5 main food groups; (Food Standards Agency).

Bread, Rice, Potatoes, Pasta

These starchy foods are a healthy source of energy. Packed lunches should include 2 or more portions.

Examples of these could be-

- sandwiches made with sliced bread, pitta bread, wraps, chapattis or bread rolls
- a scone or currant bun
- a bagel
- pasta, couscous or rice

Fruit and Vegetables

These foods provide vitamins, minerals and fibre. Lunches should include at least 1 portion of fruit and 1 portion of vegetables / salad, or more.

Examples of these could be-

- carrot/cucumber sticks, celery, sliced peppers etc
- a piece of fruit-apple, orange, banana, pear, kiwi, plum etc
- grapes- these must be cut length ways to reduce the risk of choking
- dried fruit- raisins, apricots etc
- fruit salad

Milk and Dairy foods

These foods provide calcium for healthy bones and teeth. Include 1 portion at lunch

Examples of these could be-

- a pot of yoghurt, custard or rice pudding
- a piece of cheese (match box sized)
- 2 triangles of spreadable cheese (this could be included in the sandwich)

Meat, Fish, Eggs, Beans

These foods provide protein for growth. Packed lunches should include 1 portion of these foods.

Examples of these could be- (these could be included in the sandwich)

- Slices of cooked meat
- Slices of chicken or turkey breast
- Hard boiled egg
- Tuna, salmon, mackerel or sardines
- hummus

Foods and drinks high in fat and / or sugar

It is important not to fill up on too many foods that are high in fat and / or sugar at the expense of other more nutritious foods. Limiting high fat and sugar foods will

help protect young people from becoming overweight as well as helping prevent tooth decay, heart disease, stroke, and diabetes.

Crisps and crackers

Children are able to bring a bag of crisps or crackers, however these should be **baked** rather than fried as they are a healthier option. Please check on packaging as it will tell you if they are baked.

Drinks –

There is no need to provide a drink in your child's packed lunch as water/milk will be provided.

To ensure consistency and to keep packed lunches in line with food standards for school meals, packed lunches should not contain the following:

- Fizzy / sugary drinks in cartons, bottles or cans
- Chocolate-coated products / sweets / confectionary
- Cereal bars, fruit bars
- Chocolate spread as a filling for sandwiches
- Sugared / toffee and salted popcorn
- Crisps or any packet savoury snacks high in salt and fat
- Salted nuts

(Additional information is available with ideas and examples of foods that can be included in packed lunches). **School Food Trust** www.schoolfoodtrust.org.uk

If you have worries or concerns around what your child will eat or would like some advice, please speak to a member of staff.

Waste and Disposal

The school will, within reason, send any uneaten packed lunch food items back home. The rationale for this is that parents can also monitor what their child has consumed during the day and then raise any concerns over their child's food intake with the school. If the bag is left at school, these items will be disposed of due to hygiene reasons.

Promotion of Healthy Packed Lunches

There will be ongoing promotion of the need to provide healthy packed lunches though:

- Pupil, parent / carers newsletters
- School prospectus / brochure
- Whole School / Packed Lunch Policy
- Healthy eating activities
- Curriculum content
- Parent consultations
- School website
- 'Pack A Punch In Your Lunch' guide to healthy packed lunches

Packed Lunch Containers

It is the responsibility of the parents / carers to provide an appropriate packed lunch container where food items can be stored securely and appropriately until the lunchtime period. Parents are advised **to include an ice pack**. Food products prepared and stored

in ambient temperatures after a period of time can have increased levels of bacteria in them. Please label all food containers and bags with your child's name.

Storage of Packed Lunches

The school will provide storage area / facilities for packed lunch bags, in the most convenient and appropriate place possible. However the school cannot provide cooled storage areas and therefore cannot take legal responsibility for foods prepared at home and then brought into school.

Hot Food

We are unable to heat/ re-heat food at school for food hygiene purposes. Children are able to bring hot food in a suitable thermos flask or container.

Dining Facilities for Pupils Bringing Packed Lunch

The school will provide an appropriate area where pupils can eat their packed lunch.

Monitoring and Evaluation

The school will carry out monitoring of packed lunch provision - where there may be concerns over a child's food / nutrition intake and / or content of packed lunches, this can be dealt with timely and sensitively.

OfSTED are required to report on how the school promotes the personal development and wellbeing of all pupils – this may include food provision including packed lunches brought into school.

The Local Authority will work with the school to review packed lunch provision and will provide advice and support to members of the school community.

Policy Review

This policy will be reviewed as part of the schools agreed policy review process. In addition any major legislative or governmental changes regarding school food may lead to this policy being amended.

Endorsement

The School Governing Body, Pupils, Parent / Carer Representative and Staff endorse this policy for implementation.
